

17 March 1967

MEMORANDUM FOR: SDO/SWO

SUBJECT : OCI Support for the Guam Conference

1. The following adjustments in OCI's production schedule for Sunday, Monday, and Tuesday, 19, 20, and 21 March result from the support requirements for the Guam Conference:

a. PDB - The PDB will be published Sunday and Monday afternoons (19 and 20 March) instead of Monday and Tuesday mornings (20 and 21 March). PDBers are responsible for having the PDB LDX'd to the White House at about 1630 Sunday and Monday slugged "for the President info SECSTATE, SECDEF, and DCI." Hard copy distribution will also be made Sunday and Monday afternoon. The next regular early morning edition will be published and distributed Wednesday 22 March at 0530.

b. CIB - The CIB will follow the normal production schedule and will be sent by cable to the regular recipients on Sunday and Monday nights as usual. However, the SDO will be responsible for preparing a second cable which will contain the full updated CIB for Monday the 20th to be dispatched by 0530 the 20th. (See example 1 for format and address.)

In addition to the regular CIB cable Monday night, the SDO will prepare a second cable containing the full un-updated CIB for Tuesday the 21st. This second cable should be dispatched no later than 2200 the 20th. (See example 2 for format and address.) Do not remove the BUO material from the CIB sent to Guam.

c. VN SitRep - The Vietnam SitRep will be published as usual on Sunday and Monday except that a clean edited and reviewed copy will be given to the SDO by 1400 on both days for cabling to Guam. (See example 3 for format and address.) Hard copy distribution will be made Sunday and Monday as usual. Do not remove the BUO material from the VN SitRep cabled to Guam.

d. Uruguay SitRep - The Uruguay SitRep will follow the PDB schedule in 1,a, above and will be LDX'd to the White House Sunday and Monday at 1630. Do Not address the U/SitRep to the conference party. (The White House Sit Room will slug it for Marvin Watson.)

2. Sudden developments or crash items can be sent to the party via the White House at any time during the intervals between scheduled file times. D/OCI approval is required.

3. The party is scheduled to depart D.C. around midnight (EST) Saturday, 18 March. ETA Guam 0900 Monday, 20 March (1800 EST Sunday 19 March). ETA D.C. 2000, Tuesday 21 March EST. This puts the ETD from Guam at 0300-0500 EST Tuesday 21 March.

4. FYI, in support of the DCI, Commo has established a Hqs privacy link to Guam. Two CIA communicators will be handling traffic at the Guam end. No traffic is to be sent via this link without the approval of Adm. Taylor.
